The Hume Literature, 2010

JAMES FIESER

This bibliography covers the Hume literature for 2010, and follows upon the annual update begun by Rolland Hall for the years 1977 through 1985 and continued by William Edward Morris for 1986 through 2003. This installment, like previous ones, excludes items published in *Hume Studies*, which are indexed annually in each November issue. Readers of *Hume Studies* may contact me at jfieser@utm.edu with additions or corrections to any previous year, which can be noted in future installments. I am grateful to all who have provided input on an earlier draft of this bibliography that was posted on the Internet. Aside from the yearly bibliographies published in *Hume Studies*, readers may find the following bibliographical resources useful:
